

Product Catalog

Activated Carbon Powder

Price: 250 (per kg)

High adsorption carbon powder used in purification and chemical processes.

Feature	Description
Application	Industrial / Chemical use
Packaging	Standard export quality

Nano Red Lead Tetraoxide (Pb₃O₄)

50g pack - Price: 1,000,000

Nano-scale red lead oxide for specialized industrial applications.

Feature	Description
Application	Industrial / Chemical use
Packaging	Standard export quality

Antifoam Agent

Price: 300,000 (per liter)

Foam control additive for industrial processes and chemical systems.

Feature	Description
Application	Industrial / Chemical use
Packaging	Standard export quality

Barium Sulfate (BaSO₄)

Price: 250,000 (per kg)

High purity barite sulfate for industrial and laboratory use.

Feature	Description
Application	Industrial / Chemical use
Packaging	Standard export quality
